

Hutton Junior Fisheries Biology Program

Do you love **Science**?

Are you **Passionate** about Environmental and Marine
biology issues?

Want a Summer **Adventure** with a \$4000 scholarship Award?

Are you a High School **Junior** or **Senior**?

APPLY TO BE A HUTTON SCHOLAR TODAY!

The Hutton Junior Fisheries Biology Program is a paid summer internship and mentoring program for high school juniors and seniors, and is sponsored by the American Fisheries Society (AFS). Our mission is to stimulate interest in careers in fisheries science and management among groups underrepresented in the fisheries professions, including minorities and women.

Selected students, known as Hutton Scholars, are matched and mentored by a fisheries professional to enjoy an 8-week hands-on fisheries science summer experience in a marine and/or freshwater setting.

Hutton Scholars:

- Receive a \$4,000 scholarship award
- Learn about the importance of healthy aquatic systems
- Participate in resource conservation and management projects
- Gain hands-on work experience
- Learn about career opportunities in the field and receive resources on course study.

Apply Online for Summer 2017 at <http://hutton.fisheries.org>

Application Deadline: January 31, 2017
