

Hutton Junior Fisheries Biology Program

Are you **interested** in science?

Especially **fisheries** or **aquatic science**?

Are you in the **Class of 2021, 2022** or **2023**?

Do you love **being outdoors**?

Want a **paid** summer adventure?

**APPLY TO BE A HUTTON SCHOLAR
TODAY!**

The Hutton Junior Fisheries Biology Program is a paid summer internship and mentoring program for high school juniors and seniors, and is sponsored by the American Fisheries Society (AFS). Our mission is to stimulate interest in careers in fisheries science and management among groups underrepresented in the fisheries professions, including minorities and women.

Selected students, known as Hutton Scholars, are matched and mentored by a fisheries professional to enjoy an 7 to 8-week hands-on fisheries science summer experience in a marine and/or freshwater setting.

Hutton Scholars:

- Learn about the importance of healthy aquatic systems
- Participate in resource conservation and management projects
- Gain hands-on work experience
- Learn about career opportunities in the field and receive resources on course study.

Check out our website at <http://hutton.fisheries.org>

Online applications for the 2021 Hutton Program are open
December 14th- February 15th
